

TEDx event on 'Thoughts Unearthed' at IIM Raipur on November 19

■ Staff Reporter

RAIPUR, Nov 17

TEDx IIM (Indian Institute of Management) Raipur will present a platform to a panel of thought provoking speakers voicing issues from their repository of experiences and bring out the 'Thoughts Unearthed' on November 19.

This year, TEDx IIM Raipur is a power-packed event that is bound to invigorate meaningful deliberations on 'Thoughts Unearthed'. In the spirit of ideas worth spreading, TEDx has created a programme called TEDx. TEDx is a programme of local, self-organised events that bring people together to share a TED-like experience. 'Thoughts Unearthed' basically means to let go of all the problems and find or discover something that was hidden inside oneself.

This theme would attract many as we all have many things buried inside ourselves and sometimes we don't have the courage to make the amends by taking a lead.

We wish to bring forth the ideas that were hidden to the society until then, and old ideas that were forgotten in the sands of time.

India being a 5000-year-old civilization has had numerous thoughts of leaders and

practitioners who have rejuvenated the world with their dreams. TED is a non-profit organisation devoted to spreading world-changing ideas. TEDx is an independently organised event, held under a free license granted by TED. The TEDx event at IIM Raipur, themed on 'Thoughts Unearthed', will feature a combination of live presenters and TED talk videos.
