

IIM Raipur achieves new heights

■ **Staff Reporter**

RAIPUR, Sept 10

WITHIN 10 years of operation, IIM Raipur has achieved new heights and ranked 7th among the IIMs, with 1st position in research among all the new generation IIMs, and 15th position in the best business schools in India as per the NIRF rankings 2021 released by the Ministry of Education.

“This was possible because of the continuous focus on high quality management research by the faculty of IIM Raipur. The per faculty research output of IIM Raipur is one of the highest among the new IIMs. We have also done well in placements. For the last 10 years IIM Raipur has maintained a 100% placement record with the average salary increasing year on year despite of the COVID related challenges in

IIM Raipur achieves new heights

the last 2 academic years. IIM Raipur is also heavily focusing on e-learning programmes and Executive Education and currently more than 700 students are enrolled in different short and long duration programs offered by us in various disciplines. In last 2 yrs of time, despite the COVID challenges, more than 1000 students and executives from different parts of the country and abroad have benefited from such programmes and updated their management skills and knowledge at various levels of employment. We thank all the stakeholders, corporate partners, state government, faculty, and staff for their contribution to our growth,” said IIM Raipur Director.
