

# IIM-R discusses how India can become economic powerhouse

**STAFF REPORTER ■**  
RAIPUR

India should follow the same trajectory of growth as South Korea and Japan to become one of the top three economic powerhouses of the world by 2047, Satyasiba Das of the Indian Institute of Management-Raipur (IIM-R) said on Sunday.

Das, Chairman of Corporate Relations, was addressing a two-day flagship industry interaction event, "Leadership Summit 2021",

launched by IIM-R. This year the summit was held virtually.

The summit aims to provide a unique platform to

industry experts and students to interact and discuss key ideas which will help upcoming management professionals in tackling future challenges.

Prof. Bharat Bhasker, Director, IIM Raipur, highlighted the importance of management in a hybrid environment. He gave examples of companies that are dominating the market by adopting the latest technologies.

The event will continue on Monday.
