Placement by Industry

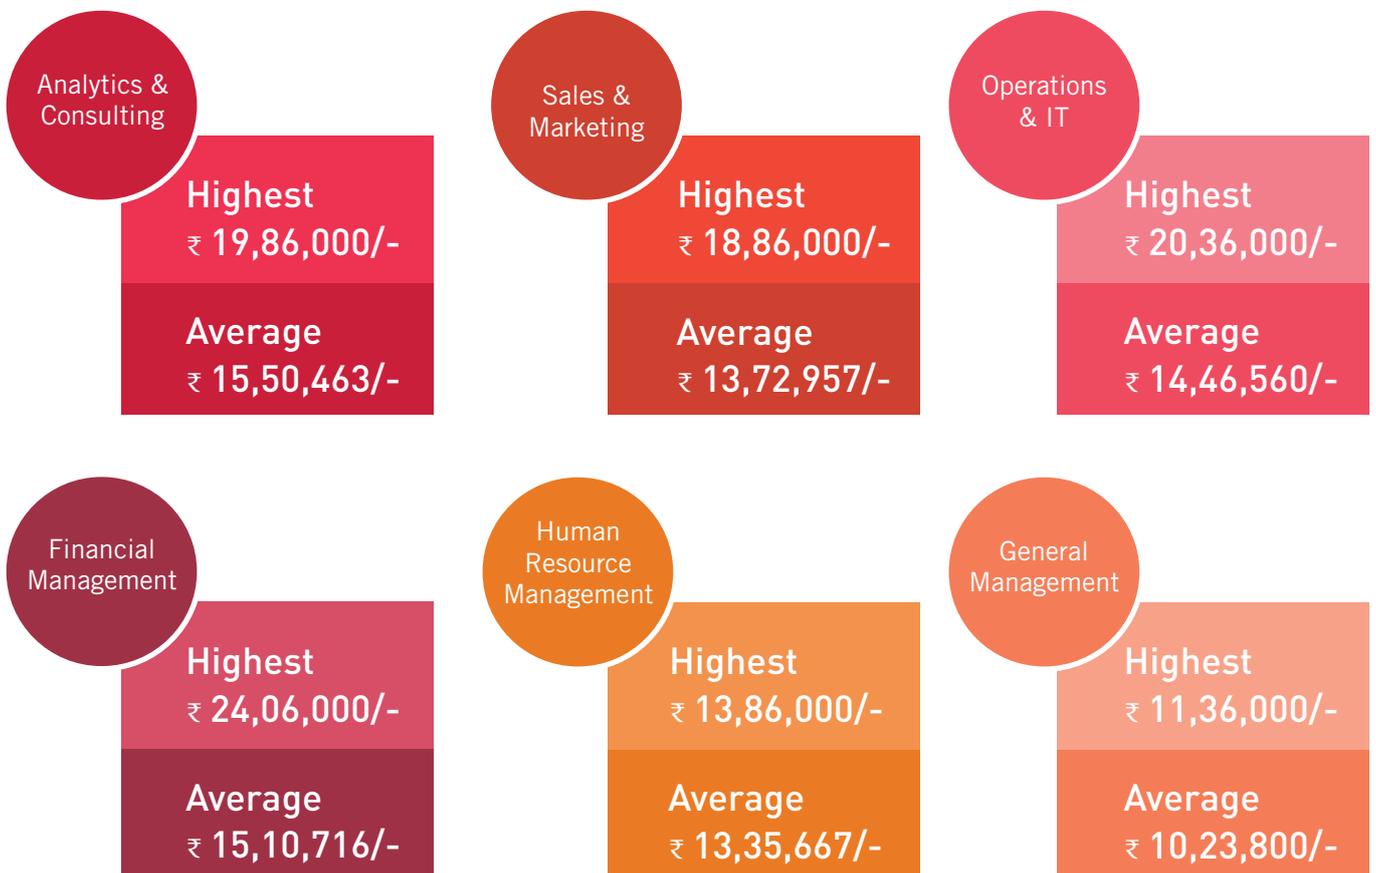

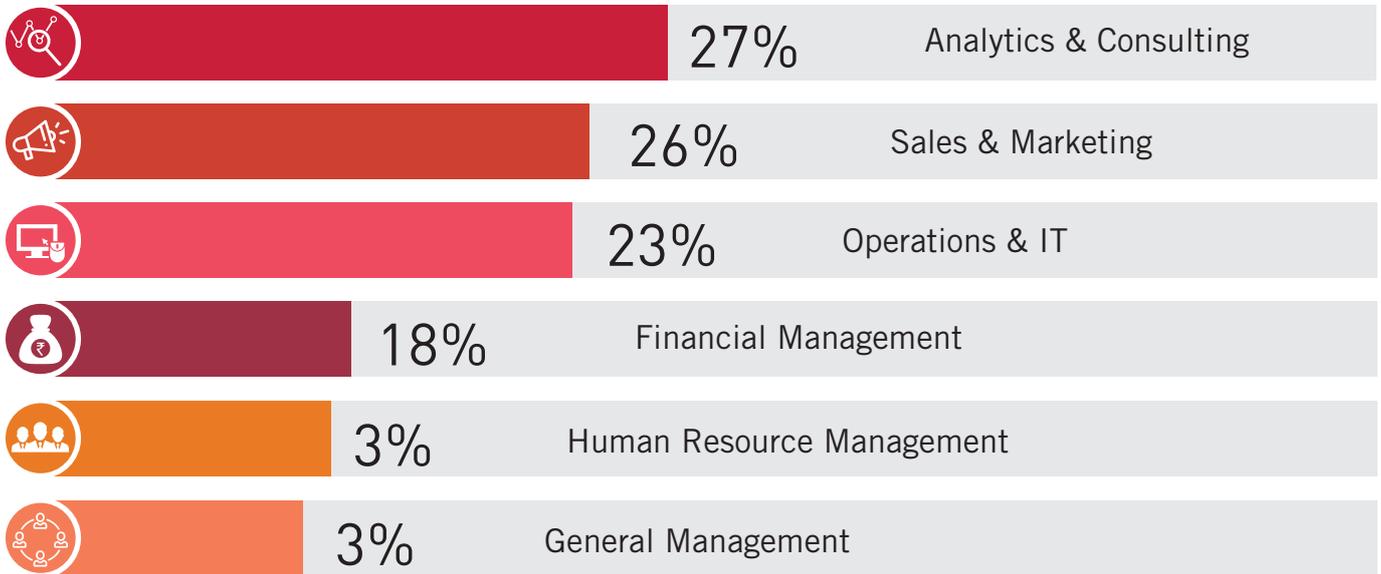

Strategy and Consulting remained as the largest recruiting sector by industry and function. The sector observed one fourth of the class. BFSI was the second leading industry in the season. We witnessed the participation of all major banks and renowned financial institutions in our placement process. Diversification of recruiting industries remained as a key strategic objective of IIM Raipur. To this end the diversity of the participating industries is a testimony of the faith instilled by the upcoming and niche sectors like aviation, advertising, food and beverages, fashion, healthcare, media, logistics and non-profits.

As IIM Raipur continues its journey to create the global leaders of tomorrow, the Institute would like to express its gratitude to the corporate leaders who bestowed their trust upon the students. We look forward to continuing a long and collegial relationship with them in the future as well.

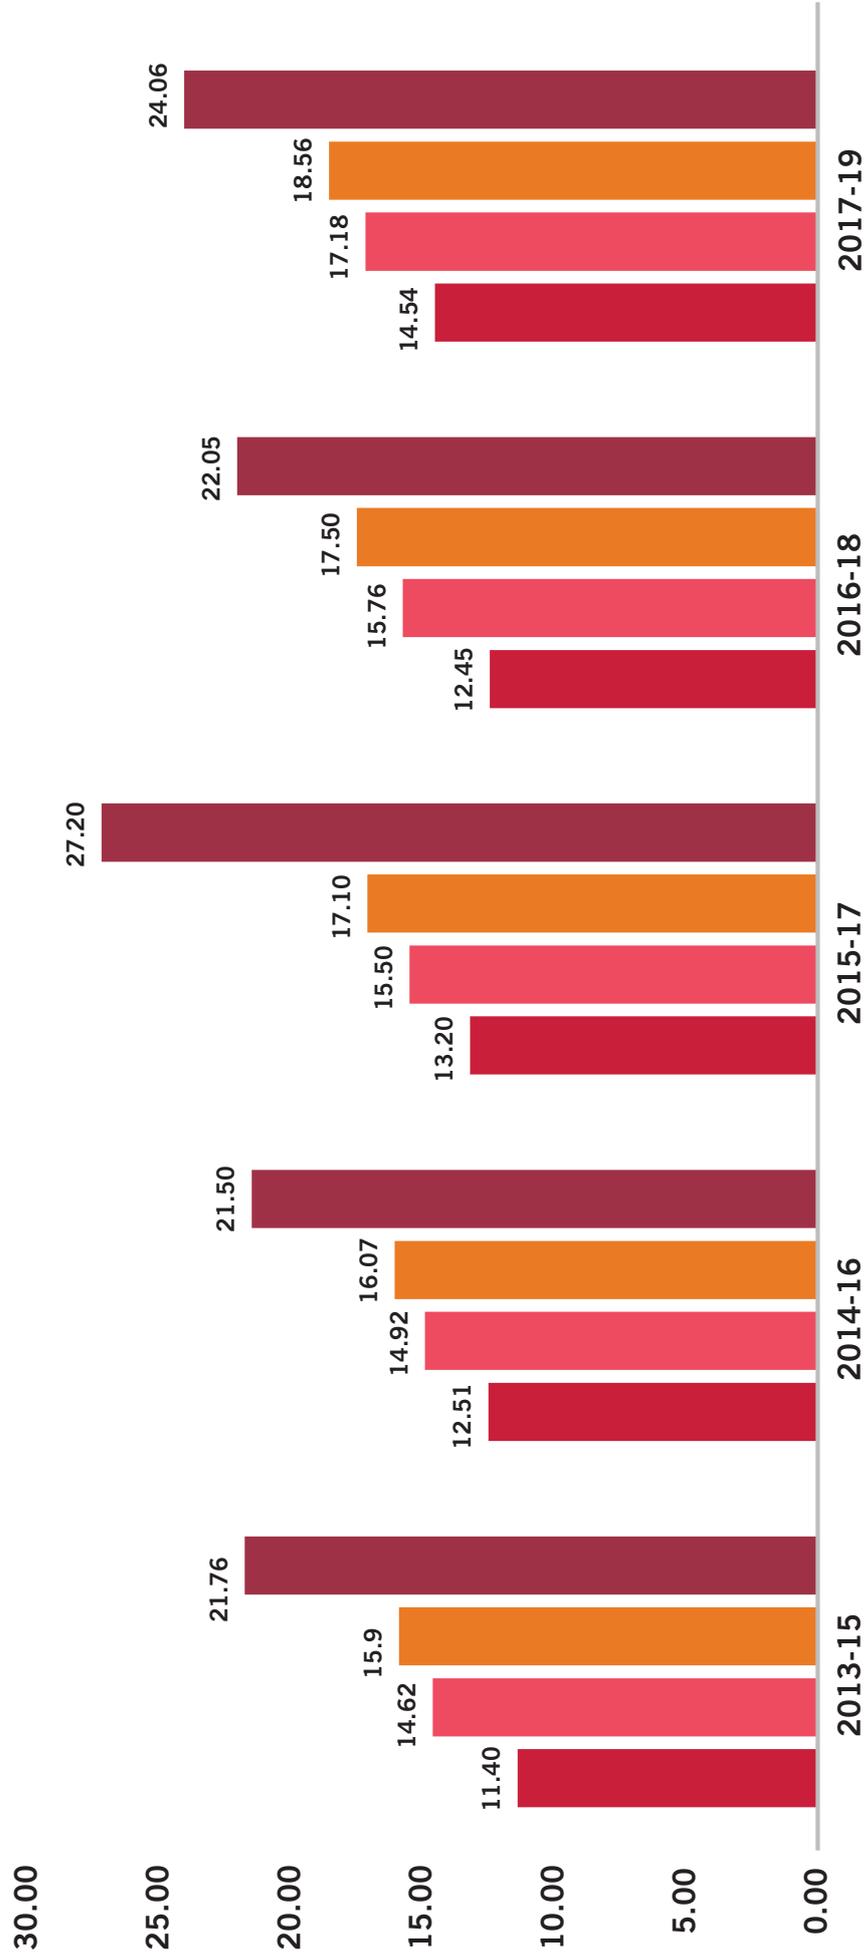

Placement by Function

Diversity is the key objective of IIM Raipur Placement. Like industrial diversity we thrive a functional diversity in recruitment. Analytics and Consulting being key to a knowledge driven economy received most attention and interest, followed by Sales and Marketing. Sales & Marketing remained very strong area in IIM Raipur's placement in the past years and the trend continued in 2018-19. Operation & IT as well as Financial Management continued a steady but renewed attention with higher value adding roles and industry leading companies.
