ATAL NAGAR (NAYA RAIPUR)

A NEW AGE TOWN

On November 1, 2000, Chhattisgarh, the 26th state of the Union of India, came into existence after the division of Madhya Pradesh. Seeing the region's plight, neglect, and slow development, former Prime Minister Atal Bihari Vajpayee decided to create the new state of Chhattisgarh. On its first Foundation day, Chhattisgarh had unexplored reserves, an undermined local population, a few dams, and insurgency concerns. The birth of Chhattisgarh made the impression that another backward, underdeveloped and gloomy region would now get recognition on the map of India. In the last 22 years of its existence the state has been able to create a sound economy based on an agricultural sector which has shown impressive growth as well as industrial production driving by thermal power plants. Chhattisgarh has been consistently ranked among top 3 investment destinations in the country since 2006. The

state of Chhattisgarh has a robust economy which has witnessed a double digit growth for close to eight years since 2006.

Among the many successful policies and development projects, one of the most ambitious ventures by the state government is Naya Raipur, Chhattisgarh's new capital city, which was recognised as world's first ever integrated township in January 2017. It caters to the need of the various industrial areas nearby like Bhilai, Bilaspur, Urla, Sirgitti and Bhanpuri which made the state one of the leading producers of steel, iron, aluminium, cement, engineering products, minerals, hand-loom and blended yarns of the country.

It is due to these efforts that the state has made great strides in industrial production and is punching much above its weight when it comes to contribution to the national economy.

KEY HIGHLIGHTS

- Accessed by a six-lane expressway, equipped with modern mass transit system coupled with a city wide pedestrian corridor linking all major urban activities.
- Lively and vibrant in character with shopping malls, multiplexes, food courts, restaurants and other intensive urban activities and recreational areas.
- An intelligent and smart city with full use of information and communication technology.

NEW CAMPUS

New Beginnings, Endless Possibilities

The institute is now operating from its new campus in Atal Nagar, Naya Raipur which is spread out in 200 acres of land. The state of the art campus operating at Naya Raipur is a blend of modernity and cultural heritage of Chhattisgarh. The campus depicts modern architecture and assimilates the culture and traditions of Chhattisgarh. It facilitates the institutes' vision to be world class that has global outlook embedded with regional and national focus.
