# About IIM Raipur

Indian Institute of Management Raipur was set up by the Government of India, Ministry of Human Resource Development in 2010 at Raipur, the capital of Chhattisgarh. Chhattisgarh has a rich mineral, forest, natural and local resources. The Institute believes in preparing ethical leaders who are not only committed to business, commerce, and industry but are also socially conscious towards their contributions in nation building and bringing in name for the country globally. The institute is a buzz with activities carried out by the student clubs, which are now expanding their scope of activity and bringing luminaries from the Corporate.

The Institute has its permanent campus in Atal Nagar (Naya Raipur), Chhattisgarh. The Institute has well-equipped air-conditioned Lecture Rooms, Library, Simulation Lab and comfortable on-campus air conditioned boarding and lodging arrangements. IIM Raipur, with its vision of being a globally-acclaimed Business School has collaboration with many Business Schools in Europe, South America, Australia, New Zealand and USA for Faculty and Students Exchange.

The IIM Raipur campus is located about 20 kms away from the Swami Vivekananda Airport and 30 kms away from Raipur Railway Station. **IIM Raipur has been ranked 3rd in the Times Annual B-School Ranking Survey 2022 in India.**

# About IIM Raipur

## Vision Statement

"To become a premier management institution that inspires thought leadership through scholarship and teaching by incorporating an ethos of inquiry, consciousness, and innovation"

## Mission Statement

"To provide a learning centric environment that nurtures management thought through research and practice to create future leaders."

## **IIM Raipur Director's Message**

“Learning never stops” – Working executives with learning agility pick their managerial lessons to encash on the technology enabled growth beyond the chores of the emerging economy. Demands of the industry made us launch the EPGP program tailored to these mid-career executives. At IIM Raipur, we prepare the future managers with a focus of the curriculum on the needs of the contemporary management education by designing and developing the EPGP. Our curriculum focuses on the use of adult-learning pedagogy and has a bias towards using case-study teaching methods and simulated learning using illustrations. In the process, the EPGP participants gain real-insights into management principles, business frameworks, contemporary philosophies, and academic theories, helping them to excel in today’s fast-changing world of business. This 24-months blended learning programme is intensive, involves two-phases of campus-visit as well as online learning engagements to give working executives an opportunity to have a professional rewarding journey in the administrative world. Our EPGP offerings makes concerted efforts in infusing a high level of leadership and management competence in a dynamic, yet resource-constrained environment.

**Dr. Ram Kumar Kakani**  
Director – IIM Raipur

## **Dean (Academic) Message**

An extensive new Korn Ferry report finds that by 2030, more than 85 million jobs could go unfilled because there aren't enough skilled people to take them. In a new Korn Ferry study that includes a sweeping country-by-country analysis, the biggest issue isn't that robots are taking all the jobs—it's that there aren't enough humans to take them. Governments and organizations must make talent strategy a key priority and take steps now to educate, train, and upskill their existing workforces.

Indian economy also requires skilled executives with leadership qualities. In view of this rising demand for talent, IIM Raipur has introduced ePGP in a blended mode which helps in developing and upbringing the latent skills and talent of an individual which may be useful in today's economy. The programme is designed especially for professionals, entrepreneurs and leaders from different organizations. This programme grooms a person for senior management roles.

An important feature of this programme is that it is designed to meet the needs of working professionals in such a way that large part of the course work will be delivered online. In order to provide the flavour of the campus life, the programme also has on-campus immersion module.

I invite you to explore the program in greater detail by browsing our website, speaking with our students and alumni, or by contacting our Admissions Officer. We are very much looking forward to working with you over your learning journey!

Don't miss this opportunity of giving wings to your dreams.

**Mr. Kamal K Jain**  
Dean (Academic)

## **Chairperson (ePGP) Message**

The ePGP programme caters to the growing demand from industries for competent leaders. The key highlight of the programme is equip participants with managerial and entrepreneurial skills to transition to a higher level. The programme allows participants to continue their professional engagement while attending majorly immersive online classes. The programme received an overwhelming response from national and international participants, from the private sector and public sector organizations, from commodity-based industry to consultancy organizations, and from managerial positions to participants with entrepreneurship interest.

Through a pedagogy that includes participant-centered learning, case study discussions, real-time projects and assignments, and peer learning, participants are exposed to interesting insights into business models and management philosophies. The programme has more than 1000 contact hours in line with globally accepted executive education norms. I encourage you to be part of this rigorous but rewarding programme.

**Mr. Dhananjay Bapat**  
Chairperson (ePGP)

## **Nulearn Director's Message**

It is a privilege for us at Nulearn to launch IIM Raipur's ePGP program in Blended Mode. At Nulearn, we believe in the advancement of the Indian education landscape through innovation. I feel that it will be the best way for the community of business professionals to pursue a two year degree at an IIM during these pandemic times, without taking a break from their careers.

No other course offers a two year degree in Masters of Business Administration, the world class pedagogy of an IIM, and the unparalleled accessibility factor - all of which are hallmarks of IIM Raipur's ePGP course. This programme is launched in blended mode, which makes it accessible for working professionals across the world. Students of this program can study from the comfort and safety of their own homes, which is also cost effective.

With Nulearn's focus on technological solutions and customer service, we build an excellent relationship with all of our students, from the first enquiry to convocation and beyond. Professionals willing to work on building their careers have an excellent platform and all the support they will need. We are committed to making this two year journey smooth, enjoyable and productive for everyone involved. A warm welcome to everyone who chooses to partake in this incredible opportunity.

**Mr. Sumit Kumar**

# About The Programme

The Program offers a blend of various general management theories, soft skills and analytical methods with real world business scenario cases. It has 1020 hours of content delivery (including 900 hours of teaching) such that it is spread across six terms.

The Executive Post Graduate Program in Management ( Awarded as MBA Degree) is designed in such a way that it minimizes disruption of work and personal pursuit. The Program is spread over twenty four months, which would ideally be planned and delivered on blended mode during in collaboration with Nulearn, a leading ed-tech company in India.

The main objective of the Program is to prepare participants for an advanced career in management by giving a solid foundation in various management topics that are essential for building capabilities to take on the new forms of competition.

There will be an additional mini term in the end which includes Project Training, Industry Dissertation & Campus Immersion.

During the course of this program, interaction with peers and faculty will augment many skills, appreciation of differing perspectives, effective communication, conflict management, negotiation and mobilizing individuals towards common goals-all essential ingredients of effective management practices. The overall goal of the programme is to broaden core leadership competencies to further enhance the professional growth of participants. The specific objectives of the programme are:

- To develop an ability to integrate decisions and solutions across disciplines in complex decision-making environments.
- To appreciate the influence of macro and micro business environmental factors.
- To incorporate a clear framework for ethical and value-based decision-making supported by unyielding personal integrity.
- To have a professional presence and the ability to articulate a vision needed to motivate others and lead diverse teams of people.
- To develop values and proactive attitudes for societal well-being.
