

# Indian Institute of Management Raipur Offers

A special Program for International Women's Day

**Reflect-Rejuvenate-Reclaim**

**A Personal leadership  
program for women**

**March 6-9, 2024**

**Programme Director**  
Prof. Suneetha Saggurti

*I will not die an unlived life.  
I will not live in fear.  
of falling or catching fire.  
I choose to inhabit my days,  
to allow my living to open me,  
to make me less afraid,  
more accessible,  
to loosen my heart  
until it becomes a wing,  
a torch, a promise.*

*Dawna Markova*

In the everyday complexity of our lives as women handling many responsibilities at work and at home it is important to take a step back and approach life and work with renewed energy. We must take a break from the roles we play, focus on our own personal regeneration, and take charge with renewed perspectives on life and work. This will enable us to face various challenges at work and be effective leaders in our sphere of influence. This needs an exclusive space that is free and away from the demands that are made on us in our daily life.

This program provides that much-needed space where we take time to reflect, learn from each other, and gain perspectives on the various dilemmas and paradoxes that we live with. This personal leadership inquiry will enable us to gain fresh perspectives of our lives and new skills that we seem to need. All this empowers us to become a leader in our personal and professional lives.

## Objectives

The program objectives are:

- Enhance my understanding of ‘who I am’.
- Discover the patterns that block me from living life with full consciousness of who I am.
- Reconnect with my deeper identity, uniqueness & inner resources to be ‘me’.

## Learning outcomes

- A deeper self-awareness to live more consciously.
- Insight into whatever blocks your full potential.
- Understanding the mind-body-spirit connection and learning self-care practices.
- Support a diverse and intimate group of women.

## For Whom

The program is designed for women irrespective of their level in the organization.

## Methodology

The program will include experiential activities (individual & group based), meditation, imagery, body movement, journaling, self-care practices & other learning methods.

## Faculty

All sessions in this program will be facilitated by the Program Director.
