

Padmashree Phoolbasan Bai Yadav (Social Activist) at IIM Raipur

Renowned activist and philanthropist of the region Padmashree Phoolbasan Bai Yadav gave an inspiring address to the students of Indian Institute of Management (IIM) in Raipur. The discussion focused on the value of contributing to one's community, the need to promote gender equality for a brighter future and the potential of India's youth talent pool to contribute to the nation's progress.

Phoolbasan Bai Yadav is well admired for her relentless efforts to advance social concerns like women's liberation, poverty alleviation, and community development. She spoke about her life throughout the lecture, stressing the need of "living for society" and the concept of "local for locals." She stressed the need to support rural people with disabilities and invest in the development of rural women. Her dream was to see as many young people as possible educated at IIMs contribute to India's progress and prosperity.

Our Vision and Mission

Vision

"To become a premier management institution that inspires thought leadership through scholarship and teaching by incorporating an ethos of inquiry, consciousness, and innovation"

Mission

"To provide a learning centric environment that nurtures management thought through research and practice to create future leaders"

Faculty Presentation

Prof. Aubha Dadhich presented research paper "Leveraging AI & Big Data for Enhancing People Performance in Healthcare Sector" in a conference on "Innovations in Public Performance Management: Lessons for Policy Makers" held on Jun 30th & Jul 1st, 2023, at MDI Gurugram, India.

*Prof. Anubha Dadhich
Professor*

Abstract: The management of employee performance in the healthcare sector is fraught with difficulties. There is a rising need for innovative methods to enhance people performance management due to the healthcare systems' ever-increasing complexity. This study explores the current challenges faced by different stakeholders to improve people performance management in the healthcare industry by using big data analytics and artificial intelligence (AI). In this conceptual paper relevant articles are manually searched and analysed to propose a meaningful insight on various issues to improve people performance

management. Healthcare organisations may obtain important insights into workforce performance, pinpoint areas for improvement, and make data-driven decisions to improve overall performance by analysing massive volumes of data and utilising AI algorithms. The possible advantages, difficulties, and ethical issues related to implementing AI and big data analytics in people performance management within the healthcare industry are discussed.

"IIM Raipur and Digital Health Academy New Delhi Proudly Announced the commencement of Batch-II for India's Premier Postgraduate & Diploma Certificate Programme in Digital Health".

Indian Institute of Management (IIM) Raipur and Digital Health Academy to commence the second batch of the Post Graduate Certificate Programme in Digital Health (PGCPDH) and Diploma Programme in Digital Health (DPDH). The programmes aim to develop future leaders who will drive the digital health revolution in the country, bridging the gap between healthcare and technology. Here are some key details about the programmes. Purpose of the PGCPDH and DPDH programmes are designed to provide a comprehensive understanding of the intersection of healthcare and technology. Participants will gain insights into various aspects of digital health, including telemedicine, data analytics, digital health policies, and entrepreneurship.

Duration of PGCPDH and DPDH yearly programme, providing participants with a thorough and in-depth learning experience. The curriculum includes online classes, interactive sessions, live discussions, and case studies, enabling participants to grasp the intricacies of digital health.

The PGCPDH and DPDH, participants will have the opportunity to attend a three-day personal immersion programme at IIM Raipur. This on-campus experience will offer hands-on learning and networking opportunities. Upon successful completion of the programme, participants will be awarded a Post Graduate Certificate in Digital Health and Diploma Certificate in Digital Health jointly from IIM Raipur and Digital Health Academy, New Delhi.

The registration of programme commenced on 15th July 2023. Early applications are accepted until 25th August 2023, and the final deadline for applications is 25th September 2023.

The PGCPDH and DPDH programmes hold immense potential in equipping professionals with the necessary knowledge and skills to excel in the rapidly evolving field of digital health in India. As the demand for digital health solutions and innovations continues to grow, these programmes will empower future leaders to drive positive change and transformation in the healthcare sector.

IIM RAIPUR Organized Training Program for “Vidhan Sabha Secretariat Staff Batch - IV” under Executive Learning and Development.

The Indian Institute of Management Raipur hosted a training program for Vidhan Sabha secretariat employees from across the country as part of its effort to promote excellence and the capacity building of existing and future leaders. The program was developed in collaboration with PRS Legislative Research on Management for secretariat staff.

Twenty-six people from the Indian states of Andhra Pradesh, Bihar, Gujarat, Nagaland, Sikkim, Uttarakhand, and Uttar Pradesh attended the fourth training batch. At the opening event, IIM Raipur Director, and Professor Ram Kumar Kakani spoke about the institute's goals and objectives. Program Director and Professor Rashmi Shukla led workshops on topics such as time management and teamwork. Sessions were held on topics such as "understanding the Budget," "Effective support to legislators," and "best practices of state legislators," all of which were led by PRS's Shri Chakshu Roy. During the capstone ceremony, Mentor Dean Professor Kamal K. Jain offered some wise words of advice. Participants found the event to be highly engaging and informative, fostering the development of a network with lasting educational potential. The IIM Raipur Executive Learning and Development Centre hopes to have many more similar chances to further managerial education.
