IIM Raipur celebrated the first graduating class of 41 students from the Post-Graduate Certified Digital Health Professional (CDHP)

Indian Institute of Management Raipur a top 10-ranked business school, celebrated the Graduation Ceremony for the first Post-Graduate Certified Digital Health Professional (CDHP), co-offered with the Academy of Digital Health Sciences. The chief guest for the ceremony was Dr. Rajeev Singh Raghuvanshi, Drugs Controller General (India). The course was founded by Dr. Rajendra Pratap Gupta, Chairman of the Dynamic Coalition on Digital Health, Internet Governance Forum. Dr. Gupta graced the passing out students and faculty on July 20th at IIM Raipur in the presence of Dr. Ram Kumar Kakani, Director, IIM Raipur.

In collaboration with the Academy of Digital Health Sciences, IIM Raipur established the Centre for Health, Innovation, Policy, and Digital Health. With the use of innovation, policy change, and capacity building, this project aims to establish India as a global leader in digital health. On July 20, 2024, a total of 41 students—12 girls and 29 males—will graduate. These students come from a range of healthcare backgrounds, including senior academicians with an average of 20 years of experience, government officials, and senior doctors, surgeons, dentists, physiotherapists, nurses, and senior professionals from the pharmaceutical, med-tech, and digital health fields.

By working with internationally recognised leaders and practitioners in the field of digital health, the program integrates a global viewpoint and offers a thorough overview and perspectives on digital health from across the world. In-person meetings with the most influential people in the world guarantee that students leave inspired to lead on a global scale in addition to having the necessary information. Professionals from all around the world may participate in the online delivery format, which promotes a varied learning environment. The world's top expert on digital health is the course chair. The Indian Drugs Controller General, Dr. Rajeev Singh Raghuvanshi, stated.

"The program aims to equip working professionals with the knowledge and skills needed in digital health," said Prof. Ram Kumar Kakani, Director of IIM Raipur. Our goal is to produce the greatest leaders in the planet, ones who will steer the global healthcare industry towards digital transformation, not only in India. Our goals are to continue being the greatest program in the world for digital health and to produce leaders in the field worldwide. Equipped with digital tools, the leaders in this program will create the future of healthcare by collaborating with med-tech, pharmaceutical, consultancy, and hospital businesses. It is anticipated of the pupils to

create novel goods, initiatives, and programs that guarantee accessible, transparent, and reasonably priced healthcare.

The program incorporates a global perspective by collaborating with world-renowned leaders and practitioners in digital health and providing a comprehensive overview and insights on digital health from across the globe. Live interactions with the world's top leaders ensure that the learners are not only equipped with the right knowledge but also inspired to lead on the global stage. The online delivery format allows professionals worldwide to participate, fostering a diverse learning environment. The course chair is the world's foremost authority in digital health.

IIM Raipur concludes Young Leaders Program

Indian Institute of Management (IIM) Raipur completed comprehensive twelve-day Young Leaders Program at its campus from 1st to 12th July 2024. The program catered to executives from various sectors of the Adani Group, including Adani Cement, Adani Power, Adani Natural Resources, and Adani Digital, among others. The cohort of 37 participants underwent rigorous training across diverse areas, including Business Storytelling, Contract Management, Public-Private Partnership, Workplace Sensitivity and Ethics, Risk Management in the Regulatory Environment, Building High-Performance Teams, Industry 4.0 tools in Infrastructure & Utility Industry, Net Zero / Sustainable Development Goals, Circular Economy, Self-Leadership, Financial Reporting and Compliance, Basic Probability Concepts, and Distributions.

Throughout the program, participants engaged in comprehensive sessions and activities to enhance their leadership and management capabilities. An outdoor tour at Jungle Safari and a program dinner were also organized to enrich the learning experience.

The valedictory session, chaired by Prof. Ram Kumar Kakani (Director, IIM Raipur), featured esteemed guests, including Mr. Shrikant Ambadasrao Vaidya (Station Head, Adani Power Ltd.) and program directors Prof. Sanjeev Prashar, Prof. Jighyasu Gaur, and Prof. Yogesh Chauhan. The program successfully equipped participants with a robust framework and practical skills to enhance their leadership effectiveness.

Participants expressed gratitude for the opportunity to learn from esteemed faculty members and appreciated the blend of theoretical knowledge and practical insights delivered. IIM Raipur

remains committed to providing leadership programs for professionals across different organizations contributing to nation-building initiatives.

IIM Raipur organized an essay writing competition, titled "Vikasit Chhattisgarh"

In line with “Amritkaal: Chhattisgarh Vision @2047”, IIM Raipur recently organized an essay competition titled “Developed Chhattisgarh, My Dream of Happy Chhattisgarh”. The aim of this competition was to make the youth imagine Chhattisgarh becoming prosperous and sustainable by 2047.

Through the competition, students were given a platform to express their innovative ideas for the state's future. The youth saw this as an excellent opportunity to express their views on how Chhattisgarh can achieve overall development in the coming decades. The proposals had to balance imagination, practicality, and visionary ideas.

The event reinforced the importance of engaging the younger generation in the state's developmental discourse, ensuring that their voices contribute to the roadmap for a prosperous Chhattisgarh by 2047. The competition not only recognized and celebrated the visionary ideas of the participants but also inspired them to actively participate in the state's journey towards sustainable and inclusive growth.

Impetus given to the manufacturing sector: Prof. Kakani

Central Character

RAIPUR: The Modi 3.0 budget aligned with the government's transformation of India. The focus is on addressing the fiscal deficit, reducing it to 4.9% and 4.7% by 2025. The budget is a clear signal of the government's commitment to the manufacturing sector, which is the backbone of the Indian economy. The budget has introduced a number of measures to support the sector, including a 10% increase in the corporate tax rate for companies with turnover up to ₹500 crore, and a 15% increase for those with turnover above ₹500 crore. The budget has also introduced a new tax regime for companies, which will allow them to opt for a lower tax rate of 25% if they meet certain conditions.
