

Empowering the Future Leaders: IIM Raipur unveils 8th HR Summit

The Indian Institute of Management Raipur launched its 8th HR Summit on October 5, 2024, under the theme “Explore New Horizons in HR Leadership and Innovation.” The summit aimed to unite industry leaders, visionaries, and innovators to explore the future of HR and drive transformative changes. Among the notable attendees were the Honorable Chief Guest Shankar Gupta, President & CSO at ACG World, along with Prof. Satyasiba Das, Prof. Rashmi Shukla, and Prof. Smriti Pande, all affiliated with IIM Raipur.

The inaugural session kicked off with an address from Prof. Rashmi Shukla, who underscored the significance of diversity, inclusion, multicultural understanding, academic excellence, and practical industry experience, as well as IIM Raipur's efforts in promoting these values. Prof. Satyasiba Das then engaged the audience in exploring future HR trends and the evolving business landscape, stressing the roles of modern technology, employee engagement, human well-being, upskilling, data-driven decision-making, and the integration of human-machine interactions.

The keynote speech by Shankar Gupta emphasized the importance of embracing failure to foster innovation and encouraged HR leaders to take calculated risks. He remarked, “If you want to be a leader of today, you must know how to take risks.” He further stated that managing disruptions, pursuing continuous learning, promoting diversity, and maintaining humility are crucial for innovation and success. Gupta concluded with a motivational note about enjoying life's journey and inspiring others. Following this, there was an interactive session where students could engage with the chief guest and glean valuable industry insights.

The first panel discussion, moderated by Prof. Satyasiba Das, focused on “Embracing HR Innovation: Staying Ahead in a Rapidly Evolving Technological Landscape.” The panel featured several leaders in HR, including Abhijeet Bose and Ajay Brahmhatt, who discussed the future of HR innovations, highlighting factors such as goal achievement, motivation, workplace culture, experience, and the smart application of technology.

The second panel tackled “Fostering a Culture of Belonging: HR’s Role in Ensuring Inclusive Work Environments,” moderated by Prof. Kamal K Jain. Panelists like Anuja Ghosh and Preeti Ahuja collectively discussed the essential role of HR in developing workplaces that enhance employee engagement and satisfaction, underlining inclusivity and transparency as vital for organizational success in today’s business landscape.

The third panel, moderated by Prof. Ritu Gupta, centered on “The Gen Z Shift: How Young Employees Are Changing Workplace Dynamics.” Panelists, including Honeydeep Singh Sabharwal and Monika Garg, addressed Gen Z’s distinct views on work culture, expressing their preference for flexibility, personal growth, and a supportive work environment. As digital natives, Gen Z expects strong technological frameworks, collaboration, and transparency from employers. The session concluded with insights on how HR leaders can create dynamic workplaces tailored to attract and retain Gen Z talent.

Abstract: Online food delivery (OFD) has gained popularity because of rapid urbanization and busy lifestyles of individuals in the last decade. Nevertheless, despite the surging fame and significance of OFD, certain gaps in research demand attention. Thus, this study aims to examine comprehensive barriers (economic, efficiency, experience), trust, post-usage usefulness, loyalty, and electronic word-of-mouth (e-WoM) within OFD services. It also considers the moderating effect of moral obligation on the relationship between these concepts. PLS-SEM was employed for

data analysis (n=650). The findings of the study indicate that barriers related to economic, efficiency, and user experience have a significant and detrimental impact on trust, the utility of the service after usage, electronic word-of-mouth (e-WoM), and loyalty in the context of adopting online food delivery (OFD) services. The findings contribute to a better understanding of consumers' perception of OFD. Several theoretical and practical implications were offered.

Abstract: Indian derivatives markets are mature and set examples worldwide in terms of volume traded in equity and currency derivatives. Despite India's long history in commodity derivatives, this segment has yet to grow as expected. The underdevelopment can be attributed to various factors, including inadequate investor education through print, electronic and social media. This article highlights the strengths and weaknesses of Indian markets and emphasises the role of media in popularising commodity derivatives.

The Indian investment landscape is witnessing a transformative shift with SEBI's recent approval of a new asset class called "Investment strategies" within the mutual fund framework. This asset class aims to bridge the gap between traditional mutual funds and portfolio management services (PMS) by targeting investors with high risk-return appetite. It seeks to enhance portfolio flexibility while addressing the rise of unregistered investment schemes that promise unrealistic returns. This product closely resembles the liquid alternative investments (liquid alts) flourishing in the U.S. and Canadian markets.

Assistant Professor

Abstract: Sustainable agriculture has emerged as a critical topic in the context of sustainable development goals set by the United Nations. A key aspect impacting the sustainability of the agriculture supply chain is the usage of agrochemicals. Transitioning to sustainable alternatives from agrochemicals poses challenges, as it affects farms' productivity, income, and food supply to the market. The delicate balance between farm income and greenhouse gas emissions related to chemical fertilizer usage has not been addressed adequately using a dynamic system behaviour perspective. This study employs a System Dynamics model to simulate the impact of adopting biofertilizers on the triple-bottom-line performance of the agrochemical supply chain from a policy perspective. The model aims to understand stakeholder behaviour within the fertilizer supply chain and enhance its sustainability. Additionally, the study models the effects of various input subsidies using the design of experiments in an Indian agrochemical supply chain, examining trade-offs involved in the triple-bottom-line (social, environmental, and economic) parameters for each subsidy. The simulation model offers policymakers insights into determining appropriate subsidy levels to facilitate a sustainable transition of agricultural supply chains. In this context, various possible scenarios were obtained by simulating the policy parameters (agriproduct price, chemical fertilizer prices, biofertilizer fixed costs, and biofertilizer subsidies) resulting in optimal levels of environmental impact, producer profit, and social benefit. It also provides a comprehensive evaluation of the triple-bottom-line effects of policy strategies, thereby facilitating the comprehension of trade-offs in the supply chains of lower/middle-income countries. The study contributes valuable guidance for policymakers to make informed decisions for promoting sustainable agriculture and achieving the triple-bottom-line objectives in the agrochemical industry.

IIM Raipur Celebrated Its 15th Foundation Day

The Indian Institute of Management Raipur celebrated its 15th Foundation Day on October 11, 2024, with a remarkable event. This occasion represents an important benchmark in IIM Raipur's mission to promote academic excellence, leadership, and innovation in the field of management education. To honour the achievements of the past 15 years, the ceremony was attended by esteemed faculty, students, and notable guests, creating unforgettable memories.

The ceremony began with a heartfelt welcome for the Chief Guest, Shri Amit Grover, CEO of Adani Airports (CSD), who was accompanied by Prof. Ram Kumar Kakani, Director of IIM Raipur, along with Col. Harindra Tripathi (Retd) and Prof. Ashapurna Baruah from the Economics & Public Policy department. The event kicked off with a Saraswati Vandana, seeking blessings for the institute's ongoing success and wisdom. Highlights of the event included an insightful skit by Prof. Kamal Jain, which honoured the institute's founders, followed by a cultural performance by Rang, the cultural committee of IIM Raipur, capturing the spirit and journey of the institute through the years.

Prof. Ram Kumar Kakani, Director, IIM Raipur, took to the stage to address the guests, and said, “As we celebrate the 15th Foundation Day, I’m filled with pride in how far we’ve reached. This milestone underscores the hard work, dedication, and vision of our founder, faculty, staff, and students. Our journey has been full of growth, transformation, and pursuit of excellence. Today we celebrate our history while renewing our goals of fostering excellence. Upcoming years hold great potential in terms of expanding our reach globally and providing more opportunities to our students that transcend boundaries”.

” During the foundation day address, Shri Amit Grover, CEO of Adani Airports (CSD), shared motivating insights about the significance of education through personal stories that shape our future. He highlighted the necessity of continuous learning and the ability to adapt to new challenges in an ever-changing world.

He remarked, “In the new world, the journey will not be linear; education possesses great transformative potential, and effective leadership contributes to value creation.” He also stressed five key aspects of leadership: resilience, setting personal goals, empathy, self-awareness, and maintaining a global perspective.

One of the key moments of the day was the awards ceremony where Prof. Pradyumna Dash from the Economics & Public Policy department presented certificates of appreciation to faculty members in recognition of their long service and commitment to exemplary citizenship conduct. Additionally, staff members were acknowledged for their exceptional contributions, with Col. Harindra Tripathi (Retd) presenting awards to the top employees who excelled in governance through careful financial management. Faculty members also received special commendation for their incorporation of CHIRP cases in their teaching, highlighting IIM Raipur's forward-thinking academic approach.

Prof. Pradyumna Dash delivered the vote of thanks, expressing sincere appreciation to everyone who played a role in the success of the 15th Foundation Day. The 15th Foundation Day of IIM Raipur commemorated not only the institution's achievements but also its aspirations for the future, showcasing the collective efforts of faculty, staff, and students in fostering a legacy of excellence. It served as a tribute to academic success, commitment, and unity within the IIM Raipur community.

IIM Raipur appointed the Nodal Institute for Phase V of Yuva Sangam 2024

The Indian Institute of Management (IIM) Raipur has been appointed as the Nodal Institute for the fifth phase of Yuva Sangam (2024) as part of the Government of India's 'Ek Bharat Shreshtha Bharat' initiative. This program aims to establish a platform for significant cultural and educational exchanges among youth, enhancing connections and understanding across diverse states.

Set to take place in November and December 2024, the initiative will offer selected participants immersive experiences in five main areas: Paryatan (Tourism), Parampara (Traditions), Pragati (Development), Paraspar Sampark (People-to-People Connect), and Prodyogiky (Technology). By facilitating these engagements, the program aims to encourage meaningful interactions and promote a sense of national unity and shared values among young people from various regions. IIM Raipur, in partnership with Assam University, Silchar, will conduct a no-cost exchange program lasting five to seven days, targeted at undergraduate and postgraduate students, along with youth involved in NCC, NSS, sports, arts, and culture, aged 18 to 30. This initiative will allow students from Assam to discover the rich cultural and technological landscape of Chhattisgarh, and vice versa. IIM Raipur will cover travel expenses, while all accommodation and local costs for the participants will be funded by the host institution, Assam University, Silchar.

Commenting on the importance of this initiative, Professor Ashapurna Baruah from IIM Raipur expressed enthusiasm about leading Phase V of Yuva Sangam (2024) under the Ek Bharat Shreshtha Bharat initiative, which will foster cultural and educational exchange between the youth of Chhattisgarh and Assam. This edition will provide students with immersive learning experiences in tourism, traditions, development, and technology, aiming to strengthen people-to-people connections.

IIM Raipur is recognized for its strong dedication to delivering high-quality management education. The Management Development Programs (MDPs) are designed to concentrate on essential management areas vital for achieving market leadership. These programs seek to equip students with hands-on knowledge, cutting-edge strategies, and modern tools to tackle the challenges present in today's management landscape.

IIM Raipur Hosted Faculty Development Program on Learning-Centric Management Pedagogy

The Indian Institute of Management Raipur recently launched the Faculty Development Program (FDP) focused on “Learning-Centric Management Pedagogy.” This program aims to enhance management education by equipping faculty with advanced techniques and skills for creating engaging and effective learning experiences. The FDP is designed to help educators improve the quality of management curricula through case studies, practical simulations, and workshops on curriculum design. Spanning two phases, the program emphasizes interactive learning that aligns with industry standards, ultimately leading to improved learning outcomes for students.

The first phase, held from October 24-26, 2024, was a Curriculum Design Studio dedicated to developing effective management courses under the guidance of esteemed faculty. Participants took part in workshops to create curricula that address real-world business challenges, with hands-on curriculum design sessions led by Dr. Satyasiba Das and Dr. Indirah Indibara. The second phase, set for December 12-13, 2024, will delve into Advanced Management Pedagogy, particularly focusing on the integration of AI in education. Esteemed educators like Prof. PD Jose from IIM Bangalore and Prof. Ram Kumar Kakani, Director of IIM Raipur, will guide this phase, drawing from their extensive experience in management and strategic education. Key topics will include crafting effective teaching materials, case-based learning, and simulation strategies, with specialized sessions on storytelling and AI tools for interactive education to ensure a comprehensive understanding of contemporary pedagogy.

The program also includes impactful sessions led by top academicians who will share insights on developing publishable case studies. Furthermore, the Innovation in Management Pedagogy session, conducted by Prof. Ram Kumar Kakani and Prof. Sanjeev Prashar from IIM Raipur, will cover advanced teaching methods suited to the evolving business environment. Contributions from Dr. Kamal K Jain and Dr. Manojit Chattopadhyay will enrich the program with their expertise in Organizational Behavior, Human Resource Management, and Information Systems. Every session is meticulously designed to impart practical skills, enabling participants to design curricula and create interactive case studies that capture real-life complexities.

IIM Raipur is dedicated to promoting leadership and innovation in management education, and the Faculty Development Program highlights the institute's commitment to enhancing teaching and research capabilities, aligning with its mission to positively impact the educational community.

MoU

IIM Raipur and University of Wolverhampton, UK Sign MoU to Strengthen Educational Collaboration.

The Indian Institute of Management (IIM) Raipur has officially partnered with the University of Wolverhampton by signing a Memorandum of Understanding (MoU). This agreement aims to bolster academic collaboration, support research projects, and facilitate the exchange of students and faculty between the two institutions.

The MoU was signed by Professor Ram Kumar Kakani, Director of IIM Raipur, and Professor Ebrahim Adia, Vice-Chancellor of the University of Wolverhampton. This partnership marks a significant step toward enhancing higher education quality, as both institutions commit to sharing knowledge, resources, and research capabilities, thereby enriching the educational experience for students and faculty.

During the event, Professor Ram Kumar Kakani emphasized the vital role of international cooperation in modern education. He stated, “This MoU will not only reinforce the academic relationship between IIM Raipur and the University of Wolverhampton but will also open up new opportunities for knowledge exchange, collaborative research, and cross-cultural learning experiences for IIM Raipur students and faculty. The goal is to create lasting opportunities that will positively impact both communities.”

The agreement will concentrate on several important areas, such as collaborative research projects, dual degree programs, faculty development initiatives, student exchange programs, and the creation of innovative educational offerings. Additionally, it includes plans to hold joint seminars, workshops, and conferences to encourage knowledge sharing and collaboration.

This partnership is anticipated to boost the global presence and outreach of both institutions, setting the stage for future collaborations across various academic and research domains.

IIM का 15वां स्थापना दिवस: शिक्षा ही ऐसी शक्ति है जिससे नेतृत्व का निर्माण किया जा सकता है- अमित सिटी रिपोर्टर

तेजी से बदलती दुनिया में लगातार सीखने की कला हम सभी को आनी चाहिए। नई चुनौतियों के साथ तालमेल बिठाने के लिए हमें लगातार सीखते रहना होगा। क्योंकि शिक्षा ही ऐसी शक्ति है, जिससे नेतृत्व का निर्माण किया जा सकता है। ये कहना है अदानी एयरपोर्ट के सीईओ अमित श्रोवर का। वे शुक्रवार को आईआईएम रायपुर के 15वें स्थापना दिवस समारोह में चीफ गेस्ट के रूप में मौजूद थे। इस दौरान उन्होंने कहा कि अच्छे लीडर में धैर्य, व्यक्तिगत लक्ष्य तय करना, सहानुभूति, आत्म-जागरूकता और वैश्विक

दृष्टिकोण के गुण पर जोर दिया। उन्होंने कहा कि किसी भी लीडर में धैर्य का होना जरूरी है। क्योंकि इसी से हम अपने लक्ष्य की ओर आगे बढ़ सकते हैं। व्यक्तिगत लक्ष्य पर उन्होंने कहा कि जब तक लीडर का खुद का गोल तय नहीं होगा, वो अपने साथियों और कंपनी को आगे नहीं ले जा पाएगा। इसी तरह उन्होंने सहानुभूति, आत्म-जागरूकता और वैश्विक दृष्टिकोण पर भी अपनी बात रखी। कार्यक्रम को संबोधित करते हुए आईआईएम रायपुर के निदेशक प्रो. राम कुमार काकानी ने कहा कि हमारा सफर विकास, परिवर्तन और उत्कृष्टता की दिशा में है। आज हम अपने इतिहास का जश्न मना रहे हैं, जबकि हम उत्कृष्टता को बढ़ावा देने के अपने लक्ष्यों को नवीनीकरण कर रहे हैं।

IIM-R designated as nodal institute for Yuva Sangam

Central Chronicle News

RAIPUR: The Indian Institute of Management (IIM) Raipur has been designated as the Nodal Institute for the fifth phase of the Yuva Sangam (2024) under the Government of India's Ek Bharat Shreshtha Bharat initiative. This initiative will create a platform for trans-formative cultural and educational exchange between the youth, aiming to foster stronger connections and deepen understanding between these culturally diverse states.

Scheduled to take place in November and December 2024, the program will provide selected students with immersive experiences across five core domains - Parampara (Traditions), Pragati (Development), Paragat (People to People), and Prodigy (Technology). Through hands-on experiences, the initiative seeks to promote meaningful connections, cultivating a sense of national unity and shared values among the youth of different regions.

IIM Raipur, in collaboration with Assam University, Shikhar, will facilitate the no-cost five to seven days exchange program open to undergraduate and postgraduate students, as well as youth involved in NCJ, NSS, sports, arts, and culture, who are between the ages of 18 and 30, that will allow students from Assam to explore Chhattisgarh's vibrant cultural landscape and technological advancements and vice versa. The travel expenses will be borne by IIM Raipur and all accommodation and local expenses for the delegates will be covered by the host institution, Assam University, Shikhar.

Speaking about the significance of this initiative, the nodal official, Professor Ashapura Baruah of IIM Raipur stated, "IIM Raipur is delighted to steer the Phase V of Yuva Sangam (2024) under the Ek Bharat Shreshtha Bharat initiative, facilitating a cultural and educational exchange between the youth of Chhattisgarh and Assam."
