RAIPUR, July 9

INDIAN Institute of Management (IIM) Raipur, continues its legacy of nurturing progressive leadership with the announcement of its upcoming Management Development Programs (MDPs) for July and August 2025. With a keen focus on real-world relevance, digital transformation and leadership effectiveness, these programmes are tailored for professionals seeking to gain strategic insights and practical tools for today's dynamic business landscape.

The curriculum will focus on critical domains such as Human Resource Management, Organisational Behaviour and Information Systems, covering emerging areas like artificial intelligence for business decisions and leadership skills. These 2 MDPs will be conducted by IIM

Raipur's esteemed faculty members, blending academic rigour with industry relevance. Each programme is meticulously designed to address the evolving needs of professionals and organisations, providing actionable insights and future-ready skills.

Sharing his views, Director of IIM Raipur said, "Leadership today isn't about knowing all the answers, it's about asking the questions no algorithm can. At IIM Raipur, our MDPs are designed for professionals who are not just upgrading their skillsets but rewiring how they think. We don't deliver lectures; we build laboratories of thought, where data, insight, and decision-making collide in real time. Whether it's decoding AI, or redefining managerial effectiveness, our goal is simple: create leaders who don't wait for change but lead it."
